WELCOME TO THE OLD RECTORY

Our family-run home, in the peaceful Surrey village of Ewhurst, is set in mature grounds and has retained all the charm and character of its historic, country house origins. The Old Rectory Nursing Home was founded in 1989 by the Geoghegan family. It is renowned for the quality of bespoke nursing and respite care it provides that has earned it the enviable reputation it enjoys today.

Many of our 32 fully furnished bedrooms open out onto the beautiful gardens, with first floor rooms enjoying far reaching views of the Surrey Hills. Whilst a choice of long and short-term care options are available, both benefit from the same comprehensive package of services which includes a rich and varied programme of activities aimed at stimulating both mind and body.

Our experienced nursing team remain on duty around the clock, ably assisted by dedicated and long-serving staff members devoted to the happiness and well-being of our residents, and it is their collective professionalism that lies at the heart of the 'home from home' we have created for all who stay with us.

We believe that the later years can, and should, be amongst the most rewarding of one's life and it has always been our pleasure and privilege to be part of making them the best they can be – a principle current Geoghegan family members take pride in upholding.

NURSING & CONVALESCENT CARE

Established over three decades, The Old Rectory has built a reputation for excellence in the provision of specialist, bespoke care to those in advanced years.

Under the direction of an experienced matron, our highly trained nursing team offer daily, concentrated periods of one-to-one attention during which time they work closely with residents to keep a 'watchful eye' and thereby pre-empt any potential health concerns.

The Old Rectory also benefits from weekly visits by a dedicated GP, and by adopting the highest staff to resident ratios we continue to set standards that have consistently led to a high approval rating from the Care Quality Commission (CQC).
